PreMan HUD Home _____	Modular State Approved Home _____	Service Only _____	State Owned _____

4. PLAN REVIEW REQUIRED Has a building permit been obtained for this project? Yes _____ No _____

Plans and specifications must be submitted when the wiring or alteration to an electrical system is over 400 amps and the building is in excess of 3500 sq. ft. of floor area. Rating of service or feeder in amps: _____ Size of building in square feet: _____

PLANS ARE REQUIRED for all building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to act 299 of the Public Acts of 1980, as amended, and shall bear the architect's or engineer's signature and seal, except:

1. When the electrical system rating does not exceed 400 amps and the building is not over 3500 square feet in area
2. Work completed by the governmental subdivision or state agency costing less than \$15,000.

PLANS MUST BE SUBMITTED BEFORE A PERMIT CAN BE ISSUED

5. APPLICANT SIGNATURE

Section 23a of the State Construction Code Act of 1972, 1972 PA 230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building of a residential structure. Violators of Section 23a are subjected to civil fines.

Signature of Licensee or Homeowner (Homeowner signature indicates compliance with Homeowner Affidavit below)

I hereby certify the electrical work described on this permit application shall be installed by myself in my home in which I am living or about to occupy. All work shall be installed in accordance with the Electrical Code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for the necessary inspections.

6. EXPIRATION/CANCELLATION OF PERMIT: A permit shall become invalid (expire) if the authorized work is not complete within 180 days after issuance. A six-month extension may be granted at the cost of \$100.00 if requested in writing prior to permit expiration date. Expired or closed permits cannot be refunded.

7. FEE CLARIFICATION: When installing a Mobile Home in a park, the permit application must include the application fee, service, plus the number of park sites. Work must be done by a licensed electrical contractor.

COMPLETE APPLICATION ON REVERSE SIDE >>>>

ELECTRICAL PERMIT FEES 01/01/2025

Please complete the Unit Fee Chart below for each project. If multiple buildings are proposed, a separate permit for each building will be required. It will be necessary to determine the appropriate base fee, unit itemization fees, and determine the number of inspections required for each building (Underground inspection, rough inspection-prior to insulation and wall coverings, additional inspections, final inspection).

Residential projects will be charged a Base Fee of \$50.00 plus the itemized unit fees below plus number of required inspections.

Commercial projects will be charged a Base Fee of \$75.00 plus the itemized unit fees below plus number of required inspections.

Work started without a permit will be assessed an additional special inspection fee of \$200.00 for residential work or \$300.00 for commercial work. This is in addition to the regular permit fee. Closed permits cannot be refunded. Inspections are charged at: \$100.00 each.
